At the time of writing, we are still in National Lockdown but the government have identified the 'road map' for easing of restrictions. Worship has been

allowed but it is only now that the PCC has felt it is appropriate to offer limited in person services for those who feel safe and would like. Please follow the advice of the greeters for where to sit and what to do, and remember your face mask!

However, the streaming (on Facebook) of a Sunday Morning service will continue at 9.30am, with King's Kids at 10.30am and, on Weds at 10.30am, Holy Communion).

Thought for the day and some services are also available to listen to on the local rate phone line 01425 543304.

Also online (Zoom) Prayer meetings are being held - see inside back cover.

Any permitted 'in person' services will be subject to government advice and rules and as such there may be some last minute changes. We will try to notify of any changes and apologise in advance if we cannot achieve this for everyone.

Our Vision & Beliefs

To be an inclusive church that welcomes all.

A church that is transformed by the love of God and to share that love with each other and all whom we meet.

A people committed to growing together in love and faith and to growing into the likeness of Christ.

Mission Statement

We strive to be a community of people that:

- *tells others about God
- *grows in the likeness of God
- *works towards a just and compassionate society
- *is fully resourced for the task

We hope you enjoy browsing our website and hope to see you soon. Visitors are always welcome.

Besides catering for the spiritual needs of the parish, All Saints hosts a choir, music group, a flower guild, Sunday school, Mother & Toddler Group, and Handicrafts Group. The Church Centre is a venue for a variety of educational and recreational interests in an active and well-integrated community.

Is the Truth out there?

May I ask you question? Has anyone ever made up a story about you? Have you ever been lied about? Are you a victim of gossip? If so how did you feel: sad, mad, vengeful, used or just powerless to do anything about it?

So what of Jesus Christ? I wonder how He must feel seeing how his life and message have been twisted, and in some cases used as justification for war and murder!

The problem is, because of all this twisting of who Jesus was, why he came and what his message was, over the last 2000 years, it has become difficult to get a glimpse of the real Jesus. So, is the truth out there? And what is the true message of Jesus?

To be honest, if I said I had all the answers it would be a lie and arrogant of me. Nevertheless, I do believe there are answers to fundamental questions such as, “Who was Jesus?” and “Why did he come?” However, I also believe the best way for people to learn something is to discover it for themselves, something Jesus encouraged his Disciples to do.

So who was Jesus? What did he really say? And why was he born? If you are interested and want to know more about Jesus why not join us at All Saints in St Leonards and St Ives this Easter, for our online and in-person services starting with Palm Sunday (March 28th) when we find Jesus’ riding into Jerusalem on a donkey to the praise and worship of the people, only to find on Good Friday those same people crying out Crucify him!

If you want to find out what happens next and why, then join us and what you discover about Jesus may surprise you and it may even change your life!

Please note that, due to Covid-19, this group has been suspended for the time being.

Good Friday Stations Of the Cross

Scattered throughout this issue are 14 small pictures representing key events of Good Friday, commonly known as the ‘Stations of the Cross’. Each has a bible reference, for you to look up, to tell us what happened at that point in the day.

The Stations of the Cross, represented by pictures or sculpture, have been used since the Middle Ages to help Christians remember the events of Good Friday, so they can in some way imagine themselves being there. They have been used in a variety of ways, for instance arranged around a church or garden and Christians usually pray in front of each. The exact number of stations has varied over time and in different places, as has the content of each scene. This particular sequence of events was used by Pope John Paul II in 1991 and has been widely used since.

Coronavirus reopening roadmap: comment from the Bishop of London

The Bishop of London, Sarah Mullally, who chairs the Church of England’s Coronavirus Recovery Group, has recently responded to the Prime Minister’s roadmap for reopening the country, saying that “We will refine our own advice for local churches in the weeks ahead.

“When the first lockdown was introduced last year, we were - as we are now - in the midst of Lent, a time of preparation and self-reflection for Christians as we look forward with hope to Easter.

“This has been an incredibly testing time for the whole world. But we have also seen remarkable signs of hope. The rapid development and distribution of vaccines has been a phenomenal achievement and the way in which people have reached out to others has been inspirational.

“Our churches have loved and served their neighbours perhaps like never before and found ways to meet and worship God together we would not have imagined just a year ago.

“As we look ahead to the prospect of easing of restrictions, we know it is still a long road. Yet Easter reminds us we always have hope.”

100 years of the PCC

It's a hundred years since parish churches gained the power to run their own affairs, separately from what we now regard as local government.

The religious affairs of a parish, as well as its secular business had been controlled by a single committee, which met in the church and was known as the 'Vestry'. Then, in 1894, Parish Councils were formed to deal with secular matters; the Vestry continued to oversee church affairs until 1921, when Parochial Church Councils (PCC) were established. People still get confused by the two.

Churchwardens have been around since the 13th Century and legally 'own' the movable contents of the church. They are meant to maintain order in the church and churchyard, with the assistance of their staves, if necessary. In the event of serious disorder today, a mobile phone might be a safer instrument, with staves reserved for ceremonial occasions! Churchwardens are now chosen by parishioners, though the Incumbent (ie Vicar or Rector) has a limited right of veto.

Today, anyone on the Electoral Roll of the church (sorry, this is another confusion, for the secular Electoral

Roll is entirely separate) can attend the Annual Parochial Church Meeting, which elects the PCC. The Incumbent is an ex officio member, as are other licensed clergy and Churchwardens, members of the Deanery Synod, plus any member of the Diocesan Synod and General Synod who lives in the parish or is on the Roll. The Incumbent chairs the PCC, which elects a Vice-Chair and appoints a Standing Committee to transact business between meetings.

The purpose of a PCC is to consult together with the Incumbent "on matters of general concern and importance to the parish", and that includes the "whole mission of the Church". Did you know that changes to the forms of service, or the vesture or the minister, can only happen after consultation?

Inevitably, money and building maintenance take up a lot of room on the Agenda, though we all know they are less important than mission. It's a real challenge for every PCC member to pray for non-churchgoing parishioners and to find imaginative ways of introducing them to Christ and His Church.

If you've got this far and are still curious, our own PCC is looking for volunteers - the APCM will be on April 28th, see page 30.

Departing Thank you to Revd Ian Whitham

As is our custom, there will be an anonymous “Thank You” collection for Ian Whitham on his departure. If you wish to contribute to this, please contact the Treasurer, Stephen Gray on 01425 473727, or give a donation in an envelope to him or a Sidesperson at a service.”

The good news about your forgetfulness

You know the scenario - you go into the lounge, and then wonder what you wanted. Or you need to make a phone call but can't find the phone. You go to the cash point and forget your pin number. Or your car keys are lost in the kitchen, but even when you find them and go shopping, you forget stuff on the list.

If at times you find yourself living in an annoying brain-fog, the good news is that it is not because you are ill or getting old. To varying extents, everyone does it.

A recent study at the University of Edinburgh has found that forgetfulness is as common in people in their 20s as it is in people in their 50s. Although some of the people in the study were worried about getting dementia, a neuropsychiatrist at the university reassured them: “People think that if you are starting to forget things - something like misplacing your keys - that is something to worry about. But it is normal.”

Good reasons for forgetting things range from the fact that too much was happening in your life at the time, you were stressed about something, not paying attention to what you were doing, or just too busy thinking about something else entirely.

In praise of the afternoon nap

A short nap in the afternoon improves your memory and keeps your brain more agile.

People who nap tend to speak more fluently, have greater mental agility, and remember things better than those who do not break up their day with sleep.

Even a five-minute nap can offer your brain a chance to down-time and replenish itself, so that it is ‘good to go’ again.

If you want longer than five minutes, try to stop at 40 minutes, before you enter the deepest stage of sleep. If you do carry on, sleep for two hours, which is a full sleep-cycle. The study was published in the British Medical Journal.

...rumours that we would be giving out easter eggs are unfounded - er, there aren't any left!

The pain of Covid on our youngsters

Five pupils in every classroom are now reckoned to be in need of some clinical support, due to lockdown mental health deterioration.

A recent study by Cambridge University has found that the number of youngsters with mental health problems has increased from one in nine in 2017 to one in six in 2020. Another by Oxford University has found that half of people aged 16-to-25 were reporting mental health problems, with one in four 'unable to cope', according to the Prince's Trust.

Prof Ellen Townsend of the Self-Harm Research Group at Nottingham University said: "young people have really been neglected in this crisis." Combined with the drop in education, the effects of the past year are going

Station

to be 'life limiting.' She warned that anxiety, depression and self-harm have increased substantially, and that eating disorder referrals have trebled. NSPCC child abuse referrals have risen 43 per cent and domestic violence calls were up by 49 per cent.

Some Lessons of Lockdown

This past year may have altered your perspective on life. Some of the following statements may be worth thinking about....

A nurse is worth more than a professional footballer

Spare time isn't a waste of time

A smile is precious

Being alone isn't the same as loneliness

Hard work doesn't guarantee employment

Silence opens us to creative ideas

Social media are a mixed blessing

Shopping needn't be addictive

Driving less and walking more is good for humanity

Isolation teaches us we need each other to generate energy

Getting back to 'normal' isn't God's plan for the human race

When everything else is shut, God is open.

Bible Bite

A short story from the Bible

It can be read in the Bible in
Matthew 26: 20-25, 31-35, Mark 14: 17-21, 27-31
Luke 22: 22, 31-34, John 13: 21-30, 36-38

The Jewish leaders wanted to kill Jesus.
One of Jesus' disciples, Judas, had
accepted money from them to betray him.

As Jesus and his disciples ate the
Passover meal, Jesus said

John was sitting
next to Jesus, so
Peter said

So John asked Jesus

It is the person I give
this piece of bread to.

Jesus dipped a piece
of bread in sauce, and
gave it to Judas.

What you are about to do
you must do quickly.

Why has Judas gone out?

They continued
the Passover meal

Jesus then told the rest of the
disciples

Peter said

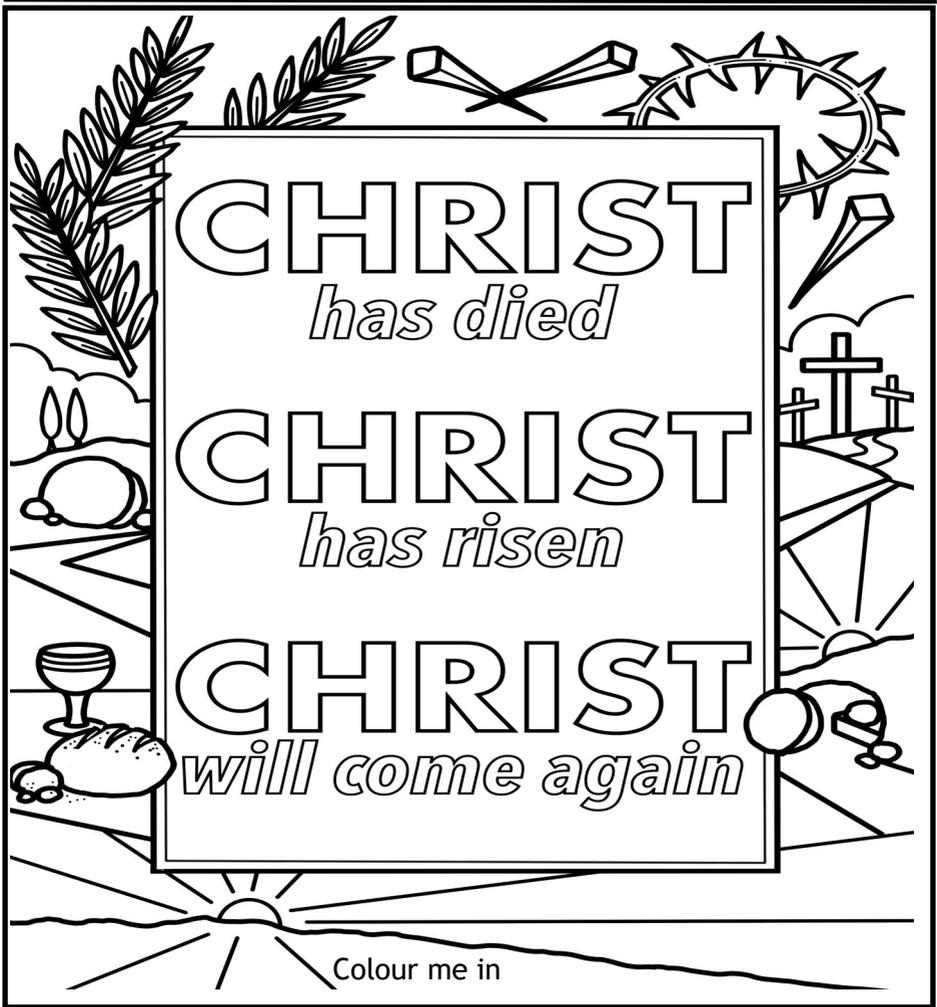

Before tomorrow morning
you will have denied you
even know me 3 times.

Even if I have to die, I
will never disown you!

Ashley Heath W.I.

Our first Ashley Heath W.I. 'Zoom' meeting took place on Tuesday, 9th March 2021, and it was a great success. Twenty-six members 'attended', most of them in a lovely selection of hats, and it was just a joy to 'see' everyone. Our President, Mrs Elizabeth Layet, welcomed everyone to the meeting, and Mrs Adele Kent, Treasurer, gave her financial report.

Various members asked question of the Committee, and huge thanks were given to Mrs Geraldine Bowles, Secretary, for the wonderful 'Ashley Belles' Newsletters. Such a variety of topics covered each month, and thanks were also given to all the contributors, some of them 'regular' ones. Next, at the suggestion of Mrs Dee Briggs, Vice President, each member present was asked to reflect on their joining the W.I., and some interesting and amusing stories were told. Mrs Jill Rix had prepared a short Quiz, which was won by Mrs Edna Dunn.

After time for conversations on general current affairs, the meeting closed.

Our next 'Zoom' meeting will be held on Tuesday, 13th April 2021 at 2.30 p.m. This will be our Annual Meeting. It is also planned to have another 'Zoom' Coffee Morning on Tuesday, 23rd March 2021. The timing of this meeting will be given in an Ashley Belles Newsletter.

It is with much sadness that we have heard of the death of Mrs Joan Cutler. Joan was a steadfast member of the W.I. for approximately 48 years. She will be much missed, and our thoughts and prayers are with Les and her family at this sad time.

Two reminders:

1. Our W.I. Membership year will commence on 1st APRIL 2021 and this year the Subscription for the year will be £44.00, due on 1st April 2021.
2. When we can meet 'face to face' again, our monthly meetings will be held on the **SECOND TUESDAY** of every month (except August) **IN THE LARGE HALL at BRAESIDE, in THE AFTERNOON at 2.30 p.m.** New members will always be most welcome.

Until we meet again ... Stay safe and stay well...

Helpful Volunteer Services

Ringwood Good Neighbours

operates for those living in the BH24 post code area and provides assistance for those needing help in getting to medical related appointments in the locality. A weekly co-ordinator takes the calls and finds a volunteer driver to take the client to the appointment, wait for them, and return the client to his/her home afterwards. No charge is made for this service, although donations are welcomed to help cover the drivers' petrol costs. 48 hours notice is required to allow for finding a suitable driver.

Volunteer Befriending Scheme is a FREE service introduced recently to help those in the community who would benefit from some help or some company, as and when needed. Clients will be visited to discuss their needs and try to match them with a volunteer, who may be needed on a regular or occasional basis.

All the volunteers are Police checked and have identification available for clients to see, if they so wish.

If you think you, your neighbour, your friends or a relative would benefit from either or both of these services, then please contact 07933 202112 to obtain further information.

Volunteer drivers and befrienders are always needed, so if you can help, then please see the advert opposite.

East Dorset & Ringwood NHS Retirement Fellowship

The East Dorset & Ringwood Branch of the NHS Retirement Fellowship is for all those (and their families and friends) who have worked in any health or social care profession and aims to support its members through the provision of social, leisure, educational and welfare activities. It gives the opportunity to meet and spend time with other like-minded people. Every month we listen to a speaker or have a “members’ morning”. From time to time we also arrange outings to local attractions and national places of interest or organise group meals at nearby restaurants. Members receive a regular national and branch newsletter and may also benefit from the discounts offered on various cruises and holidays, UK and worldwide travel insurance and a variety of financial services.

We meet at 10:00 am on the second Tuesday of each month at the St. Leonards Village Hall, Braeside Road, BH24 2PH.

For a friendly chat and further information please contact our Branch Secretary, Jenny, on 01202 876560 or joh2lou@talktalk.net or alternatively our Membership Secretary, Helen, on 01425 480202 or at h.nield@btinternet.com

Ferndown PROBUS Club

Ferndown Probus Club is a local association for retired and semi-retired professional and business men.

We meet on the first Wednesday of each month at Dudsbury Golf Club, Ferndown, commencing at 12 noon. Meetings comprise a three-course luncheon followed by a talk, on a diverse range of subjects, given by invited Speakers.

We also hold a coffee morning at the same venue on the second Wednesday of each month for members and their partners.

Social events for members, their partners and also for guests, are arranged throughout the year and may include outings to places of interest, restaurant lunches or dinners, buffet or picnic events, skittles competitions or a host of other fun gatherings.

New members will be made most welcome at this friendly club. For further information please ring the Secretary, Alan Stevens, on 01202 876826, or contact us via our website: www.ferndownprobusclub.org

Please note that, due to Covid-19, meetings for both organisations have been suspended for the time being.

Understanding Investments: Inheritance Tax Solutions

My last article described a simple method to help you to understand how much money you need for your own lifetime. Once you have identified this, you will have more confidence to take action on mitigating any future IHT liability. By way of a brief reminder:

1-Cash flow projections to identify what capital & income you require and what is surplus to your needs.

2-Utilise annual gift exemptions for both capital and surplus income.

3-Ensure Wills are up to date and tax efficient.

4-Consider the most appropriate and efficient solution to reduce the value of your estate (see below).

5-Insure any remaining liability.

I will now provide a very brief overview of potential solutions available to help reduce the value of your estate.

Potentially Exempt Transfer (PET)- This could be an outright gift of capital or capital paid into an Absolute Trust. Any investment growth is immediately outside your estate and so is the initial capital after 7 years.

Chargeable Lifetime Transfer (CLT)-This would be capital paid into a Discretionary or Interest in Possession Trust and the same 7-year rule applies as above. However, there would be an immediate tax charge of 20% if the initial capital paid into the trust exceeded the nil-rate band (currently £325,000 per person). There could also be periodic 10-year and exit tax charges on any excess above the nil-rate band.

Loan Trusts- These are trusts (Absolute or Discretionary) into which a loan is paid. The settlors can then draw back the loan at any time, with a maximum of 5% per annum of the loan being tax-deferred (withdrawals in excess of this could trigger an income tax charge). It is a way to spend your capital but allow investments to grow outside your estate. This results in a gradual reduction in the value of your estate if the loan repayments are spent.

Discounted Gift Trust (DGT)-

A capital sum (gift) is paid into the trust and, depending on the age and health of the settlor, an immediate “discount” is allowed off the value of the gift and therefore off the settlor’s estate. An “income” can then be agreed at outset and paid to the settlor of up to 5% of the original capital and any growth is outside the estate. Payment of more than 5% could create a tax charge.

AIM & BPR Schemes-Investment products which are treated as being outside the estate after 2 years rather than the more usual 7 years. AIM and BPR solutions are high risk and only suitable in very specific circumstances.

As in everything in life, the devil is in the detail and what is appropriate and suitable for one person may not be for another. The recommendation of any IHT solution should be personal, bespoke and should follow detailed analysis and professional advice. I’ve simply provided an overview of some tried and tested solutions to illustrate that there are options available.

My colleague Stewart Sims-Handcock and I are available for a free initial, no obligation chat to discuss your personal requirements. We are able to do this in a variety of ways, taking account of any current COVID restrictions.

God in the Sciences

Written by Dr Ruth M Banciewicz, Church Engagement Director at The Faraday Institute for Science and Religion in Cambridge. Ruth writes on the positive relationship between Science and Christian faith.

Science and Society: How Can We Approach New Ethical Issues?

Science tells us how the world works, and technology offers applications of that knowledge, but neither can tell us what we ought to do. All scientific discoveries or new technologies can be used to either help or harm others. For example, a smartphone can be used to stay in touch but also enables bullying.

It is important to get past our initial reactions: the 'yuk!' or 'wow!' These feelings may well change once we learn more about the science and other factors behind a new development.

Ethical thinking can be divided into three main categories. The consequentialist approach is demonstrated in Proverbs, when Wisdom calls young men to consider the outcome of their actions. Utilitarianism is a form of consequentialist ethic that tries to maximise the greatest good for the largest number of people affected,

but unchecked it leaves minorities out in the cold.

Duty or law-based ethics start with intrinsic values, asking what is the correct course of action, or our duty? These values might be God-given, such as the ten commandments, or worked out by human reason. It is possible, however, to do harm while obeying the law, especially if someone asks 'What can I get away with?' Also, what happens when rules collide? For example, who should be treated first when resources are limited?

Virtue ethics are about building character, growing in wisdom and the fruit of the Spirit. There are plenty of biblical principles to guide virtuous living, such as the idea that we are 'made in the image of God' which supports the value of every human life (e.g., Genesis 1:26-27, Genesis 9:6, James 3:9-10), but the right decision can vary depending on circumstances

So how can we make ethical decisions about new technologies? The five Cs bring together a number of different types of ethical thinking into a helpful framework for decision-making.

Clarify the facts and key questions.

Consider our choices: what could we achieve?

Constraints: External - what must we do? ; Internal - how should we behave?

Compare the pros and cons of each approach.

Choose what is best, with all parties in mind.

Finally, we have to recognise that the information available to us will change over time, our knowledge of God and His word will keep growing, and we cannot avoid making mistakes - so our ethical decisions will need to be revisited and revised from time to time.

The 8th day, God created Seniors

Most seniors never get enough exercise. In His wisdom God decreed that seniors become forgetful so they would have to search for their glasses, keys, and other things, thus doing more walking. And God looked down and saw that it was good.

Then God saw there was another need. In His wisdom He made seniors lose coordination so they would drop things, requiring them to bend, reach, and stretch. And God looked down and saw that it was good.

Then God considered the function of bladders and decided seniors would have additional calls of nature, requiring more trips to the bathroom, thus providing more exercise. God looked down and saw that it was good.

So if you find, as you age, you are getting up and down more, remember it's God's will. It is all in your best interest even though you mutter under your breath.

Nine Important Facts to Remember as We Grow Older

#9 Death is the number 1 killer in the world.

#8 Life is sexually transmitted.

#7 Good health is merely the slowest possible rate at which one can die.

#6 Men have two motivations: hunger and hanky-panky, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.

#5 Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years.

#4 Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.

#3 All of us could take a lesson from the weather. It pays no attention to criticism.

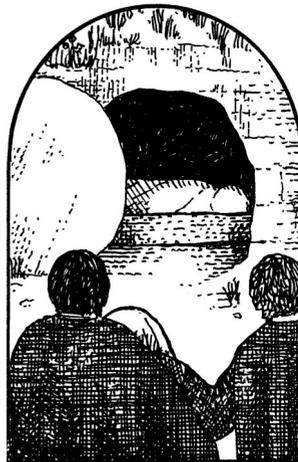

#2 In the 60's, people took LSD to make the world weird. Now the world is weird, and people take Prozac to make it normal.

#1 Life is like a jar of jalapeno peppers. What you do today may be a burning issue tomorrow.

Please share this wisdom with others; I need to go to the bathroom. !!!
