## The Vicar’s Letter: Creation Tide

I visited a wedding couple to talk about their imminent wedding day recently. The groom’s parents were over from Rome and as I talked to the wedding couple I noticed that the groom’s parents were cold which surprised me as it was approx. 20 degrees that day. When I mentioned the temperature, they replied (in Italian) “Ah, yes, but it’s 40 degrees in Rome!”.

Such extremes of heat are not just limited to Rome. We have heard tragic reports of people and animals dying due to extreme heat around the world. Yet behind the extreme heatwaves we are seeing more and more often, is human activity which has resulted in land, sky and sea being warmed and it’s having a catastrophic effect. This is witnessed not only in extreme heatwaves but also in higher rainfall, extended droughts and tropical cyclones. Be under no allusions we are seeing an acceleration in climate change which required us all to act now!

## Our Vision & Beliefs

To be an inclusive church that welcomes all.

A church that is transformed by the love of God and to share that love with each other and all whom we meet.

A people committed to growing together in love and faith and to growing into the likeness of Christ.

### Mission Statement

We strive to be a community of people that:

- \*tells others about God
- \*grows in the likeness of God
- \*works towards a just and compassionate society
- \*is fully resourced for the task

We hope you enjoy browsing our website and hope to see you soon. Visitors are always welcome.

Besides catering for the spiritual needs of the parish, All Saints hosts a choir, music group, a flower guild, Sunday school, Mother & Toddler Group, and Handicrafts Group. The Church Centre is a venue for a variety of educational and recreational interests in an active and well-integrated community.

This autumn, world leaders will gather in Glasgow for COP26 the latest United Nations conference on Climate Change. Following the Paris Agreement in 2015 where world leaders agreed to work towards reducing carbon emissions to prevent the earth's temperature rising over 2 degrees, COP26 will face into the need to achieve greater reductions in emissions and faster; keeping increases in the earth's temperature to under 1.5 degrees.

‘The earth is the Lord’s and everything in it, the world, and all who live in it; for he founded it on the seas and established it on the waters. ‘Psalm 24:1-2

The Ringwood PCC, at it’s July meeting, grasped the importance of this Parish playing a part in caring for the environment in our local

communities. The meeting resolved to:

Register as an ‘Eco-Church with A Rocha and encourage each church in the Parish to work towards their bronze Eco-Award.

Establish a PCC sub-committee called the Eco-Pods to champion our engagements with environmental issues.

For an ‘Environmental update’ to be a standing item on every PCC agenda, reflecting the significance of this issue.

For us all, however, our individual care of creation, must become a central part of what it means for us to be followers of Jesus Christ, as central as the disciplines of prayer and other spiritual disciplines. In honouring creation, we honour the creator. As you reflect on this issue further, you might find the following prayer helpful:

*You spoke into the silence  
Light suffusing darkness.  
You spoke into the silence  
Blowing clean life giving air into the space  
You spoke into the silence  
Warmth and cold infusing the air  
You spoke into the silence  
Solid ground formed out of gushing water.*

*You spoke voice carrying over the sound  
People, plants and animals came to life.*

*You spoke each creation balanced against the next so life would be abundant and sustainable.*

Ahead of the conference the UN’s Intergovernmental Panel on Climate Change (IPCC) released their latest research into climate change. The report describes itself as ‘a code red for humanity’ noting that the past five years have been the hottest on record since the mid-19th Century. The same report suggests that human influence accounts for 90% of the retreat of Arctic glaciers.

Leading up to COP26, which takes place in early-to-mid November, the Church of England will keep the season of Creation tide from the beginning of September through to the first Sunday in October. During this season we, as a family of churches, will be grappling with these issues and praying intentionally for COP26 and the agreements required to arrest a climate catastrophe.

What lies behind this article for the Christian? God created the world in love and a place of flourishing for all human and animal kind and as a place where land, sea and sky lived in harmony with one another. That is no longer the world we live in, as climate change has disfigured God’s creation. But as Christians we cling on to the heart of God for the world to be a place of flourishing and abundance for all life and that is the message, we need to be proclaiming ahead of COP26. King David wrote in Psalm 24:

## **Climate Sunday: 5th September**

God delights in His creation: ‘God saw all that He had made, and it was very good.’ (Genesis 1:31). But is it still? Our damage to this world has already, caused melting ice caps, raising sea-levels, changing rainfall patterns and creating extreme climate events. It’s the 70% of the world’s poorest population who are being impacted most!

An invitation to respond: Simple everyday actions can help to sustain our planet, including careful recycling of waste, energy saving and changes in our lifestyle and diet to help the planet. Look for sustainable products and packaging in all we buy. Remember: Reduce, Re-use and Recycle.

We can pray for our world, for our world leaders, gathering in Glasgow, asking that they may reach a good agreement for the future of our world.

## Acting Churchwardens needed

- most of the work has been done for you. We are in a situation where we have no churchwarden and we thank Frankie, Alison and Lynne for continuing to support the ministry team but we need volunteers to go on a rota to manage minor duties at our services. Duties are not onerous-track and trace details, hand sanitising, handing out service sheets etc, showing people where to sit safely, clearing up afterwards etc. A key holder will be on duty as well, so you won't have to worry about access to the church. The altar will be set up by the key holder. Although subject to change, the services are expected to be every Sunday morning at 10am, and on the 2nd Sunday in the month, an 8am BCP HC. If anyone can help please let Frankie or Alison know if you want to go on the rota -contact Lisa and she will put you in touch.

## Ashely Heath W.I.

The Annual Meeting of the Ashley Heath W.I. was held on 13th July 2021 on Zoom. Mrs Elizabeth Layet, President, welcomed members to the meeting and she then invited one of our members, Mrs Marion Ridgeway, to give her talk on her 'Life as a Hotelier'. Marion began her working career as a Lecturer in Business Studies and English, and her husband, Ken, was a Lecturer in Food. A short time after their marriage, they bought The Bowden Close Hotel, Maidencombe, and in 1982 they bought The Hotel Elizabeth on The Esplanade, Sidmouth. Marion entertained members with many amusing and interesting stories of her time in Sidmouth. A Vote of Thanks was given to Marion.

Our President, then opened the ANNUAL MEETING 2021. The Secretary, Mrs Geraldine Bowles, the

treasurer, Mrs Adele Kent and the President each gave their annual reports which highlighted the unusual year and some of the novel activities the members had shared: Zoom, Ashley Belles Newsletters, 50th Birthday hats...

The present committee will continue until April 2022, when the following vacancies will become available

- President,
- Treasurer,
- Secretary,
- Vice President
- Committee member (to replace Jean Brocklesby)

In order for a WI to function there must be in office a President and a Treasurer. Our WI Adviser will be invited to our September meeting and made aware of the forthcoming vacancies.

On behalf of the members, Mrs Vivienne Hurst thanked the Committee for all they had done during the past 16 months.

On 10th August 2021, our Annual Garden Party was held at the home of Mrs Alison Davis, and it was such a joy to 'see' so many members 'face to face'. The weather was lovely, the food delicious, and thanks to everyone for bringing a 'raffle' prize. Huge thanks were given to Mrs Alison Davis for hosting the event.

A booking has been made at The Remedy Oak for our Christmas Lunch on 6th December. Definitely something to look forward to.

Our next meeting will be held on Tuesday, 14th September 2021, at 2.30 p.m. at The Main Hall, Braeside Village Hall. The speaker will be Mrs Denise Edwards and her talk is entitled, 'Stunt Woman - Take 2'.

We meet on the second Tuesday of the month (except August), at The Main Hall, Braeside Village Hall, at 2.30 p.m. New members and visitors always welcome.

Until we meet again.....Stay safe and stay well ....  
Sue Burt

## Thank You Rev Ian

Sunday 20th June was a sad day for us within the Benefice, and most particularly for us at All Saints, St Leonards and St Ives, as we said goodbye to our much loved Ian Whitham, his lovely wife Lianne, and his family, Wesley, Joshua and Amy. When the Benefice was formed in 2017, Ian became our Associate Minister, and he has spent most of his time since then among us, while living at the Vicarage in Pine Drive. He soon immersed himself in the local community, becoming a Governor at St Ives school, led many of the school assemblies, and forged a relationship with the school, its staff and its pupils that continues to develop and grow to this day. He and Lianne joined the local St Ives Club in their personal capacity, and became regulars at their social events, and so became the “face” of our church in that place. Ian introduced us to new concepts for Church, for services, for the way forward, for moving our church out into our local community. Not always an easy concept to embrace, but one which we must at some time face?

When Covid struck the country in March 2020, church life as we had known it changed beyond recognition, All Saints church closed, and the clergy were forced to “think outside the box”. On line services were introduced, and Ian was at the forefront of this, presenting regular services while walking with his dogs in the Forest, or being in his back garden among his lawn and his vegetables! If this taught us anything, it is that God is with us everywhere, not only in church buildings.

Ian’s ministry among us has brought him and us many unforeseen challenges, but throughout all these, his faith, his love of our Lord, and his encouragement to us all has been undiminished, and he has been an

inspiration to us all. For this, and so much more, we thank him.

After the Holy Communion Service led by Ian and attended by over 40, he was presented with a card and a gift, and Lianne a bouquet of flowers on behalf of us all. A buffet lunch was held in the Church Centre afterwards, when those present were able to make their personal thanks to Ian and his family, for his ministry to us, to express their love and their thanks to him and his family. Rev Matthew Trick led a tribute to Ian and his Ministry in the Benefice on behalf of us all, and he spoke movingly of Ian’s many attributes and talents, which leave a lasting legacy to the Ringwood Benefice and the wider community.

So, Ian, Lianne, your children, your family- as we send you on your way for the next stage of your Christian journey, we wish you every happiness, we hold you in our prayers, and thank you for your time with us, your ministry to us, and pray that God will direct you as to where He wants you to be in the years to come

On a personal note, Ian and Lianne, I thank you for your love, your friendship, your spiritual development to me during your ministry at All Saints.

Frankie xx

### **THE NEW NORMAL: COVID 19 Precautions In Church**

These measures were agreed by the Vicar and PCC following the release of guidance from the Church of England. We will continue to err on the side of caution and to be mindful of the current increase in case numbers. The Vicar and PCC understand and respect that as of the 19th July, decisions on the wearing of face masks and social distancing are no longer requirements in law but determined by individuals. The provisions which follow are our best attempt based on HM Government and Church of England guidance to promote safe churches where people can pray, worship and take part in activities with confidence. All of these measures will be reviewed in the autumn.

☒ We will maintain social distancing in pews except for large services including weddings, baptism and funerals which will be assessed on an individual basis and steps taken based on the number of attendees expected and the capacity of the church. In this case individuals must then take personal responsibility for their own safety.

☒ We will provide cards for congregation members to place on the pew next to them, if they wish to do so, so that no one else sits there.

☒ We will encourage the use of face masks when moving about the church. These can be removed when seated.

☒ Singing in church is now allowed and we will do so, but ask people to still wear a mask if possible.

☒ Holy Communion will remain in one kind only until at least the autumn.

☒ Test & Trace forms and QR codes are now no longer compulsory. However, we will retain them and would appreciate cooperation to continue providing details from church attendees, but no one will be compelled.

☒ The Peace will remain non-contact as now. ☒ Cleaning will return to pre-pandemic levels.

## Cancer Research

### “80-Hymnathon”

Last year my beloved wife, Deirdre, died of cancer after a short illness. I have been an organist for sixty-five years and celebrated my 80th birthday in January. So...

**on Sunday afternoon, 19th September, at Ringwood Parish Church**  
from 2:00 to about 6:00, I will be playing 80 hymns in memory of my wife  
and to raise money for Cancer Research

Should you wish to come and listen during the afternoon  
tea, coffee and cake will be on sale and the proceeds from that will go to  
Ringwood Benefice.

After a short break at 4:00, a small group of singers will sing along with the organ.

## Ferndown PROBUS Club

Ferndown, West  
Moors, Ashley Heath,  
St. Ives, St. Leonards,  
West Parley and District

As we emerge from the Covid-19 shadow perhaps now is an excellent time to meet new people and make new friends. Why not join our members for lunch each month at Dudsbury Golf Club? Good food, good company and interesting speakers, just what you have been waiting for!

Ferndown PROBUS is a members' club for retired or semi-retired professional men and our aim is to create a positive ambience of fellowship, friendship and fun. We meet on the first Wednesday of each month at the Brabant Function Room, Dudsbury Golf

Club, Ferndown commencing at 12 noon. Meetings are centred around a three-course lunch, followed by a talk given by invited Speakers on a diverse range of subjects. Many of our ladies meet for a more informal gathering in the Spikes Bar at the same venue at the same time. A coffee morning is also held at the Brabant Function Room on the second Wednesday of each month for our members and their partners to enjoy a relaxed and sociable get together.

Other social gatherings are arranged throughout the year, such as outings to places of interest, restaurant lunches/dinners and trips supporting local events.

New members will be made most welcome. For further details please ring the Secretary, Alan Stevens, on 01202 876826, or email:

## Helpful Volunteer Services

### Ringwood Good Neighbours

operates for those living in the BH24 post code area and

provides assistance for those needing help in getting to medical related appointments in the locality. A weekly co-ordinator takes the calls and finds a volunteer driver to take the client to the appointment, wait for them, and return the client to his/her home afterwards. No charge is made for this service, although donations are welcomed to help cover the drivers' petrol costs. 48 hours notice is required to allow for finding a suitable driver.

### Volunteer Befriending

**Scheme** is a FREE service introduced recently to help those in the community who would benefit from some help or some company, as and when needed. Clients will be visited to discuss their needs and try to match them with a volunteer, who may be needed on a regular or occasional basis.

All the volunteers are Police checked and have identification available for clients to see, if they so wish.

If you think you, your neighbour, your friends or a relative would benefit from either or both of these services, then please contact 07933 202112 to obtain further information.

Volunteer drivers and befrienders are always needed, so if you can help, then please see the advert opposite.

1 Kings 17:7-16

### The bowl of flour and the jar of oil

It had not rained for months and months, there was a drought in the land.

God sent His prophet **Elijah** to the town of Zarephath. At the town gate he saw a widow gathering firewood.

"Please bring me a drink of water and some bread." he asked her.

She answered "All I have is a handful of flour and a drop of oil in a jar, it is our last meal."

"Do not worry." Elijah said, "Make the meal and make a small loaf for me."

The woman did what Elijah had asked and God blessed her ...

... The bowl never ran out of flour and the jar never ran out of oil until it rained again!

## Understanding Investments: Planning to retire within the next ten years?

Howard Goodship

For many people, life is an act of juggling competing financial demands. However, this can often change between forty-five and fifty-five when children may have grown up and become financially independent, debts including the mortgage have been reduced or cleared and you are in your peak earning years. This is when thoughts may turn to the next major change in your life, retirement!

Realising there are only ten years or less to maximise savings, clients often tell me it's time to "get serious" about financial planning and want to ensure they retain and save as much of their earnings as possible and minimise the tax they pay. They also want to understand "how much is enough?" and have a plan to enable them to retire at a time of their choosing. I have listed below some of the key information required to help create a plan.

1-Understand what loans (including mortgage) are outstanding, what interest is being charged and when loans are due to be repaid. It is important to be debt free at retirement, albeit there are several ways to achieve that depending on your personal tax situation.

2-Obtain a state pension projection to understand what you will be entitled to and when. This can be obtained online via the Government website and will be a valuable source of inflation-protected income at the state pension age. It is possible to top this up with lump sum payments if you haven't been credited with the full thirty-five years of National Insurance contributions.

3-Obtain projections from any Defined Benefit Pensions. These can also provide future inflation-protected income and the date they are due to commence will vary depending on scheme rules.

4-Quantify your personal assets which include cash, investments, and property.

Understand what your investments such as ISAs and Pensions are invested in and to what level of risk they are exposed. Is this too low or too high or just right, based on when you plan to retire. Do your pension plans allow full pension freedom flexibility in the way you can access income in retirement (Flexi-Access Drawdown, UFPLS, Annuities)?

**Once you understand your current position, you need to quantify how much you will need to have accrued by the time you want to retire. Often people want to retire before the state pension age or need more income than the state provide, so how do you save enough to meet those gaps? What is the most tax-efficient way to save? Any financial plan also needs to incorporate inflation -for example inflation at 3% per annum means expenses in retirement could double every twenty-four years.**

**We utilise specialist cash-flow tools to answer all these questions and help clients plan for their retirement. Once in retirement, we help them maximise their lifestyles by showing them whether their retirement "wish-list" is affordable and if so, encouraging them to do things whilst they are fit and able. If you would like to learn more or discuss your personal situation, we would be delighted to meet for a free, no obligation initial chat.**

## God in the Sciences

*Written by Dr Ruth M Bancewicz, who is Church Engagement Director at The Faraday Institute for Science and Religion in Cambridge. Ruth writes on the positive relationship between Science and Christian faith.*

## Faithful to Scripture, Faithful to Science: Alister McGrath on science and Christian faith

Alister McGrath is well-known as a theologian, but he started out as a scientist. After becoming a Christian as a student, he wanted to learn about his new faith so he studied theology at the same time as completing his PhD in molecular biophysics. He has not lost touch with science, but has continued to write and speak about how science and Christian faith work together. In this extract from a recently released interview, he shares his experience of being a scientist and a Christian.

“I think my most vivid experience of wonder took place in the 1970's when I was on vacation in Iran. We were travelling on a bus in the middle of the night because it wasn't hot then, and the bus broke down. We found ourselves in the middle of this solemn black desert, and the night sky shone with a brilliance like I had never seen before. That just overwhelmed me, it made me think there is something really wonderful here.

“Now, I was a Christian by that time and I knew how Christianity could answer that but it just struck me, that sense of wonder has two possible outcomes. One is science - this universe is wonderful, what's it all about? But of course, it is also about religion, the deeper levels of things

that science can't really engage. I think one of the things I have discovered over time is that maybe this sense of wonder both opens the gateway to science and to faith, and that those two together are able to answer questions which on their own they simply couldn't.

“I think science is wonderful at asking questions. Some of those questions can be answered, but very often when you do answer them, they simply open up yet more questions. But of course,

there are some more fundamental questions I think science simply cannot answer - they transcend its capacities to answer, and you might think of non-empirical questions like, ‘Why am I here? What is the meaning of life? What is good and how do I live a good life?’

“These are real questions and they're good questions but they're not scientific questions. And

the psychologists tell us that we really need answers to those questions if we are to lead a fulfilled human existence. You find some scientists who say, ‘Well because science can't answer them there are no answers to be given’, but actually most realise that there are answers waiting to be discovered - it's just that science can't deliver them.

“Science fills in part of a big picture but there are parts of the picture you have to fill in from somewhere else. Science is part of the answer but only part, and faith supplements it, giving us a vision of life that is exciting and reliable, and also something that we can inhabit meaningfully.”
